

AMAZING RESULTS

ThermaCool®, the new "lunchtime facelift," doesn't require you to go under the knife and has no recovery time. Very deep volumes of energy are delivered to the deep layers of the skin, which tightens collagen.

Dr. Wexler - As seen on oprah

CYNOSURE Affirm

LASER SKIN REJUVENATION

"Most patients seem to notice an improvement after their second treatment. But some patients remark that their skin feels smoother or looks better after only one session."

Margaret Weiss, M.D.,
Johns Hopkins University

A QUICK WAY TO TURN BACK TIME

The Skin Laser Clinic is dedicated to helping its patients achieve the aesthetic look they desire, utilizing the latest and most advanced fractional laser technology and skin care products available to date!

The fusion of cosmetics and technology has created a new generation of choices that no longer require you to go under the knife. At the Skin Laser Clinic our qualified team of experts are on stand-by, ready to perform safe, proven, non-invasive aesthetic procedures such as; hair removal for all skin types, Skin Tightening, Botox®, Restylane®, Microdermabrasion, Wrinkle Skin Rejuvenation, Deep Tissue Tightning, Scars, Acne Scarring, and Obagi Blue® Acid Peels to name a few.

We treat a vast range of skin conditions.

FASTER TREATMENTS,
LESS PAINFUL, LESS TIME

"Virtually 100% of the time patients look better four to six months after their last treatment".

Emil Tanghetti, M.D.
Associate Professor UC Davis
